2. Recreation center
 - A. Attendance-January 104 February 66
 - B. Calendar-See reverse
3. Winter Programs
 - A. Gore: the program has ended successfully. A consideration for next you may be to require a minimum number of riders in order to "order" a bus for transportation. Many of the participants are too young to attend without a parent, or ski with a parent and do not ride the bus. This requirement could prevent some children from participating altogether, if a parent is unable to drive them to the mountain at all. A later departure time is also a consideration.
4. Summer Programs
 - A. Summer Day Camp Registration night will be Tuesday March 18 from 3-6pm in the Recreation Center. Forms and information will be sent to school, past participants, the journal and web next week.
 - B. Summer Calendar is coming together nicely.
 - C. Advertising for summer positions will begin next week
5. Other
 - A. As most of you are aware, the Town of Bolton was recently awarded a New York State Department of State grant for improvements to Rogers Memorial Park. Specifically, these improvements include the construction of a new chamber building/visitor center; an improved entrance plaza; improved pedestrian access, internal circulation, and linkages to the various amenities within the Park; improvements to the existing sloped lawn area; rehabilitation of the existing northern crib dock; and overall storm water management improvements within the Park. I will be attending meetings along with Don R.
Any suggestions or comments on the project?

Next Meeting: Thursday March 27 at 6:00 PM

Respectfully, Michelle R. Huck
