Other issues discussed

I will be providing Ms. Bolton with back DOH Inspection reports regarding the fire door in the Recreation Center which sticks.

Pat C. discussed the leak in the Recreation Center back storage room. When there is excessive rain water pours down the wall near wires and is caught in large buckets. Mr. Conover was notified. Cheryl B. will follow up.

Pat C. has suggested offering Monday hours at the Rec Center per a student's request.

Cheryl Bolton suggested contacting BCS to have any needed advertisement be put on power school.

Respectfully,

Michelle Huck
