

091514 REVISED:

SAND FOR QUALIFIED LOW INCOME SENIOR CITIZENS AS TOWN OF BOLTON RESIDENTS

As a convenience to low income senior citizen residents age 62 years and older within the Town of Bolton, the municipality shall, at times convenient to the Town Highway Department, make available and deliver at no cost to qualified low income senior citizen town residents small quantities of sand during winter months. The sand shall be delivered at no cost by town highway department personnel and town employees for ice or snow conditions on private driveways at the qualified low income low income senior citizens' residences upon the following limitations and understandings:

1. The availability and delivery of free sand by the Town Highway Department shall be for qualified low income senior citizen residents only. The sand shall be delivered where a dump truck can be used, and there shall be no requirement that the Town Highway Department or its agents apply, distribute or spread the sand. The free sand delivered pursuant to this policy shall not be for any commercial purposes and shall be for the low income senior citizen's principal residential property only.
2. A low income senior citizen resident age 62 years or older within the Town of Bolton shall be qualified under the terms of this policy to receive the delivery of free sand provided by the Town Highway Department to their principal residence only so long as the low income senior citizen resident qualifies as a person named on the Town of Bolton Tax Assessor's records as an individual eligible for any available real property low income tax exemption. Such qualified low income senior citizen resident may request that their name and the location of their principal residence be included on a written list of eligible participants. Such list shall include the name of the qualified low income senior citizen resident, their residence address, and the list shall be maintained at the offices of the Town Clerk for the Town of Bolton. The name and address of any qualified participant may be added or deleted at any time.
3. In addition to qualification and eligibility for participation in this program by reason of age and applied tax exemption, the Town of Bolton Highway Superintendent shall also have discretion to include in the program the residence of any disabled person as circumstances may require.
4. The Town Highway Department shall promptly respond to the Warren County Sheriff, the Police Department for the Town of Bolton, the Bolton Fire Department and the Bolton Rescue Squad and make available any sand or sand/salt mixture as may be required for any emergency or exigent circumstances.
5. This policy shall in no way establish a right to any recipient nor an obligation on the part of the municipality to deliver free sand to any participant. The Town Board for the Town of Bolton may at any time, and without prior notice, rescind this program or modify the terms hereof.

6. The Superintendent of Highways shall have complete discretion to determine the appropriate days and hours for delivery taking into account other obligations and primary tasks of the department.

The within constitutes a written policy of the Town Board for the Town of Bolton concerning the foregoing effective October 7, 2014 and immediately thereafter.

Dated: #28 of February 2005

Ronald Conover
Supervisor

Pursuant to Town Board Resolution #225 of October 7, 2014
