4. Other- The Reality Check Group will be unable to attend tonight's board meeting due to student basketball commitments. However, they plan to attend the January TB meeting and will give a brief presentation on the Smoke Free Grounds Initiative. I was just informed by Heidi Roback that Lake George has now made their entire park smoke-free. Benjamin Blanchard, a student from BCS, accepted an award on behalf of the Bolton Recreation Department, recognizing their efforts in the project.

Respectfully,

Michelle R. Huck
