WHEREAS, The Bolton Town Board supports the efforts of its Town Assessor, Christine Hayes, in updating of the Town's 2020 Assessment Roll and maintenance of such Assessment Roll at full-market value;

AND

WHEREAS, the Town Board supports the allocation of sufficient resources for Town staff and services to complete such project;

NOW, THEREFORE, BE IT

RESOLVED, that the Bolton Town Board here by expresses its support of its Town Assessor Christine Hayes in updating of the Town's 2020 Assessment Roll and maintenance of such Assessment Roll at full market value, and authorized the allocation of sufficient resources of Town staff and services to complete such project,

AND

BE IT FURTHER,

RESOLVED, that the Town Board further requests that the New York State Office of Real Property Tax Services and the Warren County Office of Real Property Services provide assistance that is typically afforded during such projects to the Bolton Town Assessor,

AND

BE IT FURTHER,

RESOLVED, that the Town Board further authorized and directs the Town Assessor to send a certified copy of this Resolution to the New York State Office of Real Property Tax Services and the Warren County Office of Real Property Services and authorized and directs the Town Supervisor, Town Assessor and/or Town Clerk to take such other and further actions as may be necessary to effectuate the terms of this Resolution. Supervisor Conover's statement on the 2019 Budget:

I am pleased to report that the 2019 Town of Bolton Budget maintains the Town property tax rate at 51.8 cents per thousand of assessed value. The Town General Fund Appropriation for 2019 is \$3,592,119 or \$7,738 above the 2018 Appropriation. The 2019 General Fund Budget includes purchase of a new police vehicle, purchase of a new building and grounds truck and funding to update and bring current our property tax rolls. Much has changed in Bolton property values since our last update in 2012 and it is the recommendation of our Town Assessor that we begin the process of updating our rolls next year to do a revaluation in 2020.

The Highway Fund appropriation for 2019 is \$1,941,824 or \$43,563 below the 2018 appropriation of \$1,985,387. The 2019 Budget continues the program of not simply repaving but upgrading and rebuilding our Town roads.

Our Lighting District property tax levy for 2019 is \$31,000, down from 2018 which included purchase of new poles and light standards. This expense is not included in the 2019 budget.

The 2019 Water District Budget proposes no increase in water rates for 2019. Our program to move to radio read meters will continue in 2019, as well as identifying and fixing water leaks with an annual leak detection program and twice a year flushing. As always, we will continue to do everything possible to ensure that the Water District operates in an efficient and financially responsible manner and that a quality product is delivered to our customers. We continue to invest in our plant, distribution system and pressure reducing stations. As you know we have an application presently before New York State to further improve our water infrastructure and if funded our plan is to accelerate this improvement program starting in 2019.

The 2019 Sewer District Budget includes a .25 cent per thousand-gallon increase in sewer rates for 2019. For our customers using 32,000 gallons of water per year this increase equates to \$2.00 per quarter or \$8 per year. This increase is made necessary by the continuing need to upgrade and modernize our plant and collection system. While much progress has been made within the Sewer District it has come at a cost and there is much more work to do. As the Board is aware we have an ambitious improvement plan for the sewer plant, collection system and pump stations. Our approach is to take advantage of the latest technology, like the Wood-Chip Bio-reactor and when possible seek grant assistance to accelerate the upgrades and aid us with our improvement plan.

Overall, I believe the Town Board has prepared a solid 2019 Budget. We have adopted conservative revenue projections and a responsible expenditure plan. It is an expenditure plan that provides the level of service residents expect, supports our community organizations,

contributes to the protection of Lake George, upgrades our infrastructure, protects our residents and visitors and replaces aged vehicles and equipment, as a few examples. As always, we will keep a very watchful eye on all revenue and expenditure line items as we finish 2018 and move into 2019. The Town of Bolton continues to be in excellent financial shape.

A special thanks to Town of Bolton Bookkeeper Mariann Roberts Huck for her assistance in the preparation of the 2019 Town of Bolton Budget. During our budget workshops the Town Board completed a line by line review of the Tentative 2019 Town Budget. It is very much a team effort. Last but certainly not least my thanks to the Town Departments for preparing clear budget proposals for 2019. Their valuable insights, experience and dedicated service to our community is deeply appreciated.
